Patient centered care

- **NATIONAL HEALTH INDICATORS**

SIERRA LEONE

PORT LOKO DISTRICT MAP

SIERRA LEONE POPULATION PYRAMID

- Forty-four percent of individuals are in the 0-14 dependency age group,
- while 4% are in the 65 and above dependency age group
- Fifty-one percent of the population is in the 15-64 age group.
- Children age 0-17 form the bulk of the population (51%).

HOUSEHOLD DRINKING WATER SOURCE

IMPROVED WATER SOURCE BY DISTRICT

Percent distribution of households by source of drinking water

Percentage of households with improved source of drinking water

SANITATION

- Overall, 55% of Sierra Leone households use improved toilet facilities, 84% in urban areas and 33% in rural areas
- A pit latrine with a slab is the most common type of improved sanitation facility, used by 42% of households (60% in urban areas and 29% in rural areas).
- Flush/pour flush toilets that flush to a septic tank (6%);
- 37% use unimproved toilet facilities, most commonly pit latrines without slabs (34%). Open defecation is still widespread in Sierra Leone, with 19% of households

EDUCATION

- Education is one of the most important aspects of social and economic development.
- Overall, 39% of females and 29% of males in Sierra Leone have no education
- **Trends:** The percentage of females age 6 and over with no education has decreased since 2013, from 51% to 39%. A similar pattern is observed among males, with a reduction from 41% to 29%.

LEVELS OF SERVICE DELIVERY IN SIERRA LEONE

NATIONAL INDICATORS

Table 1.1. National Indicators

Country Income Classification (Low, Lower, Middle, Upper middle or High)	Low	United Nations Human Development Report
1. Demography & Population	Indicator	Source and Reference Date
Total Population – 2020	8,100,318	Statistics Sierra Leone, Census 2015 Projection
Urban Population – 2020	3,319,875	Statistics Sierra Leone, Census 2015 Projection
Rural Population – 2020	4,780,443	Statistics Sierra Leone, Census 2015 Projection
Contraceptive Prevalence Rate – 2019	21%	Sierra Leone Demographic Health Survey, 2019
Infant Mortality Rate (Rate Per 1,000) – 2019	75/1,000 live birth	Sierra Leone Demographic Health Survey, 2019
Under-five mortality Rate (Rate Per 1,000) – 2019	122/1000 live birth	Sierra Leone Demographic Health Survey, 2019
Maternal Mortality Ratio (Rate per 100,000 live births) - 2019	717/100,000 live birth	Sierra Leone Demographic Health Survey, 2019
Life Expectancy (Year) – 2020	50 years	Statistics Sierra Leone, Census 2015 Projection
2. Income & the Economy	Indicator	Source & Reference date
Nominal GDP – 2019	\$ 4.1 Billion	Ministry of Finance
Nominal GDP – 2020	\$ 3.9 Billion	Ministry of Finance
GDP per capita – 2019	\$544	Statistics Sierra Leone
GDP per capita – 2020	\$533	Statistics Sierra Leone
Real GDP Growth Rate – 2019	5.4%	Ministry of Finance, 2020 Annual Account
Real GDP Growth Rate – 2020	-2.2%	Ministry of Finance, 2020 Annual Account
Population Below \$ 1.25 a day (%)	56.7%	Statistics Sierra Leone, SLIHS 2018

GOVERNMENT HEALTHCARE FACILITY COUNT BY LEVEL OF CARE

Level of Care	Facility Type	Number
Tertiary	Teaching	6
Tertiary	Referral Hospital	3

WHAT DO WE NEED FROM YOU NOW

HELP US TO GROW IN ORDER TO BE ABLE TO HELP OTHERS

- THE TWO HOSPITALS HAVE BEEN FRIENDS FOR OVER 50 YEARS NOW SINCE. NOW THAT THE WORLD IS GETTING MORE AND MORE DIFFCICULT, PLEASE LET US GROW TOGETHER. DO NOT LEAVE US BEHIND
- WE NEED TRAINING. LOCAL TRAINING.
- SEND SPECIALIST DOCTORS TO TRAIN US LOCALLY AS WE WORK WITH YOU
 - PAEDIATRICIANS, GYANECOLOGISTS, DENTISTS
- CONTRIBUTE TO SAVE ONE CHILD FROM DYING FROM MALARIA, DEHYDRATION
- HELP US TO PROMOTE DENTAL HEALTH AMONGS PREGANT WOMEN AND CHILDREN
- DO NOT FORGET THAT THERE ARE MANY CHILDREN DYING OF HUNGER. PLEASE CONTINUE TO GIVE YOUR SUPPORT TO THE MALNUTRITION PROGRAMME
- COME AND LEARN NEW CULTURE. FEEL THE DIFFERENCE. EXPERIENCE CARE IN MIDST OF LITTLE OR NO RESOURCES

SJOG SCHOOL OF NURSING

SJOG Health Center - Lungi

The End Thank you
